

Study Abroad/Away Loan Request Form

All federal and private/alternative loans are split evenly between the Fall and Spring terms.

However, students who are studying abroad or away may qualify for an exception to this policy and receive single-semester loans (Note: This exception applies **only** to Federal PLUS and private/alternative loans; Federal Direct subsidized and unsubsidized loans will be split between the Fall and Spring terms).

Please complete this form if you are studying abroad/away and wish to have your Parent PLUS and/or alternative loan posted for a single semester.
